**Richard Smythe, Carole Smythe : Beach Pails: Classic Toys Of Surf And Sand** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beach Pails: Classic Toys Of Surf And Sand:

1 of 1 people found the following review helpful. Not what I hoped for. By Joe Hohmann Just be aware that these 128 pages contain only 84 different sand pails. One of the pails, fairly common Ohio Art #179, is shown 5 times! There are, however, many pages containing nothing but a single quote concerning a seaside theme. I was also surprised that none of the pails contained a Disney theme. I would describe this as a slick "coffee table" book to have at your beach house. Although it covers some "history", I was hoping for more of a collector's reference. 2 of 2 people found the following review helpful. Very nice coffee table book. By dbhA very nice book. I enjoyed the quotes about the ocean, the beach, etc. throughout the book. Pictures of the sand toys were very good; we have several of those shown. Would recommend it to beach lovers. 0 of 1 people found the following review helpful. Excellent book, a must for the collector or antique dealer. By Brian P. I rate this book 5 stars. Lots of info and color photos on the antique sand pails of days gone by. Great reference book for the sand pail collector or antique dealer. This book is a must have for anyone interested in antique toys. Great book. Thank you!

With their vivid color metal lithography graphics and sentimental images, vintage sand pails recall the golden days of summer in a most enchanting way. From the earliest Victorian examples, produced when seaside vacations were the new leisure-time pursuit, to futuristic 1960s pails emblazoned with outer-space motifs, these childhood playthings of

the past now command impressive prices on the collectibles market. This evocative, lavishly illustrated art book captures the beauty of these toys with full-color photographs of beach pails and other sand accoutrements including shovels, strainers, sand movers, conveyors, sifters, and more. Informative background text on the best-known tin sand toy manufacturers accompanies page after page of pails illustrated with World War I dirigibles, 1930s and 1940s cowboys, postwar alphabet and nursery rhyme motifs, early Disney characters, and much more. It's a dazzling look at a hot collectible with enormous nostalgic appeal. Carole and Richard Smythe are antique dealers specializing in vintage sand toys. They live in Huntington, New York.
