Five StarsBy Helenmy son loved this2 of 2 people found the following review helpful. A "must have" for serious Beanie Baby collectorsBy A CustomerThe most serious book on Ty's Beanies thus far. Truly comprehensive, informative and enjoyable reading. A through guide to swing and tush tags; an excellent reference guide. I loved the pictures of Ty's prototypes and production errors! I had hesitated to buy yet another book on Beanies; after purchasing Beanie Mania I wished I had purchased it sooner. I have referred back to it on many occasions. Another plus: it's pages are filled with information! NOT kids drawings,games and letters on why they love Beanies! (Bless their little hearts!).Although it does not have the newer

releases, the serious collector should add this book to their library!
