Joyce Gerardi Rinehart : Bears with an Attitude; Promotional Advocate Toys (Schiffer Book for Collectors)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Bears with an Attitude;
Promotional Advocate Toys (Schiffer Book for Collectors):

Conservationist Smokey BearT and over 400 of his friends who educate, give community service, play sports, and travel to popular places are gathered to share their distinct "attitudes." Each of these stuffed bear toys promotes a message from the organization for which it is the advocate. Tree Bear plants new trees, police bears fight drug use and promote safety, storybook bears educate children about life, and sports bears represent hero athletes. You will

recognize so many. Over 425 color photos, a very informative text, captions, and a price guide make this book essential for all bear enthusiasts. In the huge world of stuffed animals, these popular bears carry important messages to their communities and they make wonderful collectibles, if you can take the attitudes.
