**Beckett : Beckett Baseball Card Price Guide No 33** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beckett Baseball Card Price Guide No 33:

1 of 1 people found the following review helpful. 2011 Beckett Baseball Card Price GuideBy PGI was thrilled when I received this after only a few days of placing the order. It is packaged really well. I have hundreds of Baseball cards that I collected over time and had no clue as to pricing. Now that I have this book, I still have no clue. The font size is soooo extremely tiny that I popped a few squint wrinkles as I looked up my first card - which needless to say.. I could not find. I am sure this guide is great (based on previous reviews) but for now..I need to shop around for a magnifying glass.0 of 0 people found the following review helpful. Francis Obviously this review is coming late, as it's already the 2013 season. But if you have some obscure card sets, this price guide will probably cover them.
