From Brand: Beckett Media : Beckett Graded Card Price Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beckett Graded Card Price Guide:

0 of 0 people found the following review helpful. It comes up short in later years By Harold L. Firestone I am an avid collector of graded cards. I know the older years are more desirable but there are some cards in later years I would like to know how desirable others see them. From 1981 on the only cards shown are the top value cards and all the others are omitted. 0 of 0 people found the following review helpful. Great reference, but not quite accurate. By JRGreat for reference, but some of the prices are more wishful thinking than reality. If cards were really selling at these prices, I'd be a rich man. But Beckett has always been a great reference guide and has an insanely huge list of cards and sets.
