**James Beckett : Beckett Hockey Card Price Guide Number 16** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beckett Hockey Card Price Guide Number 16:

4 of 5 people found the following review helpful. A great toolBy Jeff WardI recently purchased this Beckett price guide, my first in 5+ years. I am glad I did, I didn't realize how much the hobby had grown. The last pack of cards I bought was years ago, after buying this book I have found myself back in the hockey card market.This Beckett has it all, every card you can imagine. NHL, AHL, International...It even has cards listed from the EA sports NHL 95 game, now that is digging deep. I recommend this book for everyone that has an interest in Hockey cards and Hockey in general.0 of 3 people found the following review helpful. Hard to useBy paddymidTough to find what you need quickly -- especially among the new product lines. The organization scheme is difficult to discern, to say the least.
