**Book Summary:** In Bella's Magical Belly Button, Bella is a teenager who takes us back to the day when she had an operation that made her a special belly button. Her journey includes pre-op tests, the operation, and her recovery experiences. She shares her secrets on how to overcome the emotional challenges she faces as well as how the events make her into a stronger person. The compilation of feelings and experiences from children born with urological conditions were used to create this story.

**About the Author**Kayla R. Mungillo is a high school student living in New England. Inspired by many people that she met at Children's Hospital Boston, she created a children's book that shares secrets of overcoming emotional challenges associated with surgery and recovery. She hopes that it will help children and their parents understand the ups and downs of being in the hospital as well as introduce fun ways to cope with a medical condition. This is Kayla's first book. Karl J. Struss, of Danvers, Massachusetts, graduated from The Art Institute of Boston, and N.S.R.V. Tech (MA) and strives to entertain ALL audiences with brilliant illustrations and simple texts that are both fun and colorful!
