Five StarsBy Customerit is a great book.0 of 0 people found the following review helpful. A Nice SurveyBy Too Cold in MadisonThis book is a nice survey of fire apparatus during the specified time period. It is not up to the picture and paper quality standard of the many fine Iconografx books, but it's still fun to read and look at.

Sound the alarm because America's fire fighting machines are coming through! Volume II of Big City Fire Trucks presents hundreds of trucks and their specialized equipment in 500 original black and white and full-color photos. Identifying captions include year of manufacture, chassis make, commercial outfitter, and accessories for easy

identification of these firefighting pioneers.
