**Ned Martin, Jody Martin : Bits Spurs: Motifs, Techniques and Modern Makers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bits Spurs: Motifs, Techniques and Modern Makers:

This beautiful big coffee table book features 123 skilled modern makers of bits and spurs. It also includes descriptions and images of motifs and techniques used in building and embellishing these pieces over many centuries. There are 900 stunning color photographs of the beautifully crafted silver bits and spurs made by modern day craftsmen and women throughout the country and Canada.
