that encapsulates an Era.

Black Leather Times is a punk humor zine, forged in the desktop publishing zine revolution. For everyone who has spent time in dark smoky nightclubs, science fiction cons, or grouphouses. This omnibus collects every issue of BLT published so far. "...impressively intricate (and twisted) pen-and-ink illustrations along with its grab bag of essays, stories and advice columns, all centering around a different theme (employment, travel, holidays, Valentine's Day)." - Rene Rodriguez, The Miami Herald "Oh, BLT is hilarious. I love it. I almost peed myself the first time I read an issue. I think an anniversary book would be a great idea." - author Thomas Roche "Punks with computers. You've been warned." - bestselling author Richard Kadrey in Covert Culture Sourcebook "off-color ... hijinks" - Kevin McManus, The Washington Post "seminal punk zine BLT" -Cory Doctorow, BoingBoing
