Jan Foulke : Blue Book Dolls and Values, 15th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Book Dolls and Values, 15th Edition:

2 of 2 people found the following review helpful. Jan Foulke is the bestBy MiniscapFoulkes Blue Books and Doll Value books are the gold standard for antique doll collectors. She has clear descriptions, covers a huge variety and has lots of wonderful pictures to help you educate yourself on the wide world of antique doll collecting. The old editions

are equally useful to show which dolls are appreciating in value and have different photos to give you more chances to find the exact doll you are looking to learn about. 5 of 5 people found the following review helpful. Worth the price
By PenNameI have more than one of Jan Foulke's Blue Books. I find them useful not only for the price guide, but for the full-color photos that can be found on almost every page of the book. And don't think that only the prices are updated in each issue. Ms. Foulke also swaps out most, if not all, of the photos, so each new edition gives you more visual examples to refer to. I recommend this or any of her books.
0 of 0 people found the following review helpful. Great book for an amateur
By ssienkEasy to follow, a lot of good information

The first, favorite, and most trusted, price guide to all types of dolls is even more colorful and reader-friendly in its 15th edition. It is organized into an "Antique" section which covers the manufacturers of the bisque, china, wax, wood, cloth and papier-mache dolls of the 19th and early 20th century and a "Modern" section which covers the makers of composition, hard plastic, vinyl, artists' dolls and more. Arranged alphabetically by manufacturer, the Blue Book features over 560 photographs - all in color! Whether one has just one doll or an entire collection, antique dolls or dolls of today, this is the one doll book that you will use. Every collector will need the latest "bible" for collector's prices and identification!
