John B. Allen, Robert Beeman : Blue Book of Airguns, 5th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Book of Airguns, 5th Edition:

0 of 0 people found the following review helpful. Nice book came fastBy Judy reisnerGot this for my brother. He loves it. It has a lot of information in it that he likes. Nice book came fast.4 of 4 people found the following review helpful. Airgun book is just OkBy SteveMI bought this book to try to find some details on some of the BB Guns I had in the 80's and early 90's. There is a lot of detail in this book however there is on average only 1 or 2 pictures of air guns per page (with about 50 airguns listed per page) i was hoping to find pictures of the airguns i had and see what make and model they where. Overall if your passionate about airguns this is probably a great book. It just wasn't what i was hoping for.0 of 0 people found the following review helpful. Mr. Beeman "invented" the air gun---By Big Johnson-----Great book from one of the most knowledgeable men on the subject-----I have Beeman rifles almost thirty years old and all work as new and with the care I've given them look as new----You'll learn much on all types and ballpark prices as well as history of the air gun/rifle----If you collect air guns You need one of these publications from

Mr. Beeman, his best being his book or the R-1, but it's hard to find---enjoy

This new 5th Edition Blue Book of Airguns is once again the standard informational source for the airgun industry. With 440 pages, 372 manufacturers/trademarks represented, and over 900 images depicting most popular makes/models, no other single publication will give you as much information and up-to-date pricing on new and vintage airguns.

The Blue Book of Airguns is an indispensable reference book for our service staff! --Dieter Anschutz, President, J.G. Anschutz GmbH Co., KG
About the Author
Dr. Robert D. Beeman is the founder of Beeman Precision Airguns and considered to be the "Godfather of the Airgun Industry". He is one of the world's most recognized authorities on airguns. John B. Allen is Associate Editor of the Blue Book of Gun Values, as well as the author of the Blue Book of Modern Black Powder Arms.
