**Dr. Robert Beeman, John Allen : Blue Book of Airguns, 8th Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Book of Airguns, 8th Edition:

Co-written by the Godfather of the Airgun Industry, Dr. Robert D. Beeman, as well as John B. Allen, longtime associate editor for the Blue Book of Gun Values, the new 8th Edition Blue Book of Airguns contains most popular 2010 and vintage makes and models, detailed descriptions, 1,200 BW images identifying most popular makes and models, with up-to-date pricing. Sections on such vintage trademarks as Daisy, Crosman, Benjamin, and Feinwerkbau have also been greatly expanded. Also revised for this edition is a color Photo Percentage Grading System™ that allows readers to stop guessing at airgun condition factors. After all, if the condition factor isn't right, the price will be wrong! Additionally, a greatly expanded Trademark Index is provided with the most current information available on

modern manufacturers and trademarks.
