**Zachary R. Fjestad : Blue Book of Electric Guitars (Book CD-ROM)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Book of Electric Guitars (Book CD-ROM):

0 of 0 people found the following review helpful. Good Resource!By Dennis R. LippertI love Fjestad's guitar reference books ..... they are well done, plenty of pictures, and skillfully written published. I always have the "electric" the "acoustic" book handy, when I am scanning the internet for good guitar deals. 1 of 1 people found the following review helpful. Blue Book of Electric Guitars By Craig Griffin Fast shipment by the seller. This paperback book is a must have for guitar ball park valuations. It is especially good to review the history of the guitar manufacturers, and also some good info on each guitar model. 0 of 0 people found the following review helpful. Good reference By D. SMITH Great book to keep handy to find sensible values for electric guitars. It is very complete--I could find listing for guitar models of every manufacturer I could think of.

The new 12th Edition of the Blue Book of Electric Guitars is now available! This book is completely reformatted, revised, and updated including a bound-in CD-ROM that includes thousands of color images! Pricing for vintage and new guitars is completely revised, and nearly all 2009 makes and models are listed. The information contained in this book is simply not available anywhere else for any price.
