Dover : Braun Schneider's Historic Costume CD-ROM and Book (Dover Electronic Clip Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised Braun Schneider's Historic Costume CD-ROM and Book (Dover Electronic Clip Art):

This comprehensive CD-ROM and book set includes 500 handsome, authentically detailed illustrations selected from a rare nineteenth-century volume of costumed figures. The monumental pictorial survey spans some 5,000 years of clothing history — from ca. 3000 B.C. to the end of the nineteenth century — and covers a wide variety of people, social classes, and professional types, among them Assyrian royalty, Italian scholars, German peasants, Dutch

burghers, English Puritans, and French courtiers. The collection includes: One CD-ROM containing 500 high-quality permission-free images saved in three different formats — 600 dpi TIFF, high resolution JPEG, and 72 dpi Internet-ready JPEG A large-format 128-page book with every image on the CD-ROM printed large and clearly for easy reference Invaluable to costume and fashion designers and commercial artists, this remarkable book will delight anyone interested in the history of dress.
