Felicia Browell : Breyer Animal: Collector's Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Breyer Animal: Collector's Guide:

2 of 2 people found the following review helpful. Excellent! By Chef Steph As a collector of Breyer models since the age of 8, I am now a dealer of Vintage Breyer products. Until this book came along, trying to find information about the variations of each model, years run, and general range of value was frustrating, to say the least. This book is an answer to any serious collector's prayers. Very easy to read, the information is neatly organized and there are color photos for each item, with fairly accurate guesstimates of each item's value. Unfortunately though, there were 5 editions made of this guide and they are all no longer in print; available only as used books or as downloadable e-books from the publishing company. 0 of 0 people found the following review helpful. Five Stars By SUE Great book 21 of 22 people found the following review helpful. A wise choice for acetate equine aficionados... By A Customer Are you a model horse nut? An acetate equine aficionado? Or just discovered a box o' Breyers in the attic and don't know

what you have? Whether you're a model horse pro or just getting started, here's a wise choice for your library. Encyclopedic, it's not -- easy and fun to use, it is. Combining the usability of a quick-reference guide with the thoroughness of a catalog, Felicia Browell has created a great tool for collectors of these beautiful model horses and animals. It's a convenient size with intuitive layout, allowing you to locate a model quickly. Color photos eliminate confusion over marking and coloring variations. Price guidelines are sound. Browell also provides helpful cross-reference lists based on model number, name, even year. With book in hand, bid with confidence on those Internet auction pages! If you want a practical Breyer reference that's complete but doesn't require a trailer hitch, put your money on this one. H. R. Hastings -- Dallas, Texas

Date not shown, presume 1997 based on this ISBN 0-89145-755-0, a like-new oversized softcover, except for slight cover rubbing, 175 pages with Index, from Collector Books. By Felicia Browell. Collector's Guide: Identification and Values. Measres 8 1/2" X 11" X 3/8".
