**Kenneth Ullyett : British Clocks And Clockmakers** before purchasing it in order to gage whether or not it would be worth my time, and all praised British Clocks And Clockmakers:

This antiquarian volume comprises a detailed guide to British clocks and notable clock makers. Written in clear, plain language and full of beautiful, detailed photographs, this is a volume that will be of considerable utility to antiques dealers and people with an interest in historical clocks. Although old, this book will be of timeless value to those with an interest in the subject, and it would make for a great addition to collections of allied literature. The chapters of this book include: A History Of Clocks And Watches, Past Present And Future, The Worshipful Company, Time Is Precious, and Short Bibliography. We are republishing this vintage book now in an affordable, modern edition complete with a specially commissioned new introduction on the history of clocks and watches.
