Whitman : Buffalo Nickles 1913-1938, Album before purchasing it in order to gage whether or not it would be worth my time, and all praised Buffalo Nickles 1913-1938, Album:

2 of 2 people found the following review helpful. Very nice album at an affordable price. By Shane O'Dell I've been collecting buffalo nickels for years and I got this so that I could both preserve and easily view my collection. The nickels fit very well and snug in the openings and the PVC slide works easily to give you both protection and a clear view of your coins. It is expandable and I purchased 3 additional pages directly from Whitman so that I could store multiple coins of the same year and/or mint issue. I do make a point to turn each page from the top or the bottom and not the sides. Overall, it was such a nice product that I purchased the Whitman album for both my Franklin and Kennedy Half Dollar collections too. 0 of 0 people found the following review helpful. I like it very much. By Thomas S. I like it very much, the only thing I did not like was it did not have any spare extra spaces for duplicate coins. I can get an extra blank page for the album. thanks Tom 1 of 1 people found the following review helpful. Five Stars. By Dave Sturgill Collection looks much nicer in this display.
