Got it super fast and it arrived in great shape By G. Soots Got it super fast and it arrived in great shape. Put it to use as soon as I got it. Easy to push coins in but still be held snugly. Good product. 2 of 2 people found the following review helpful. Holds All Small Canadian Coins Minted, Holes Are A Bit Tight For Older Cents By RachWieg This album works great for my needs. I love how it fits all of the canadian small pennies minted into it, instead of having to buy three or four volumes for them. It is pretty hard to fit the older

small pennies in it, so I use a washcloth and the blunt side of a large pantbrush to get the stubborn ones into the slots. The washcloths helps me to not scrath the coins and the paintbrush...well, that was what I had lying around.

House your entire Canadian small cent collection in one folder. This folder's large format holds all the small cents issued since 1920 - while the competitor's smaller size requires two folders for the same date range.
