Tom Tierney : Celtic Fashions (Dover Fashion Coloring Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised Celtic Fashions (Dover Fashion Coloring Book):

There is very little about the historical Celts for this age. Even more so, the fashion for this age. This book really fills a need in this area. This book has very detailed realistic pictures for men, women, and children. It covers Celts from different regions and time periods. Highly recommend. 0 of 0 people found the following review helpful. Lots of detail By Scott Griffin As a warning - I recommend getting colored pencils. There is a LOT of small details that only a color pencil will work. Good on giving a little history - my only complaint is that, like many books, it skips the Welsh who were also Celts ... you may know some of the names ... like Merlin, King Arthur, etc. But I kinda expected that anyway. Other than that, it is a GREAT book! 0 of 0 people found the following review

helpful. I really enjoyed this book. By Heather Hilburn I really enjoyed this book. Each of the pages has some information on the clothes and the people wearing them. It's a good introduction to a rich and vibrant history.

Known as fierce warriors and skilled artisans and crafters, the Celts had established a culture long before the existence of the Roman Empire. Their territory extended from Romania and Hungary westward to France and Spain, eventually including England, Scotland, Wales, and Ireland. This well-researched coloring book documents more than 4,000 years of Celtic fashions. Forty-five ready-to-color illustrations, accompanied by detailed captions, depict a wide variety of apparel and accessories — from cloaks worn by European Celts ca. 2000 B.C. to the elaborately embroidered costume of a twentieth-century Irish step dancer. Here also are careful renderings of Gallic-Celtic warriors in tunics and trousers (100 B.C.), Druids making a sacrificial offering (A.D. 100), and an Irish-Celtic family of the Roman era (A.D. 150), St. Patrick and a converted noblewoman (A.D. 432), and nineteenth-century Irish fisherfolk, among others. This fascinating collection is sure to be valued by students of costume design, fashion historians, and coloring book fans of all ages.
