Two stars, since some of the very dated data was beneficial. 0 of 0 people found the following review helpful. New Hobby !By Teresa T. HallI am just beginning to purchase some porcelain dolls that are already twenty-five years old or under ! It has been so much fun learning their value, although the trending prices in this book are eleven years old. Recognizing the dolls and their names on ebay is very entertaining, then I look them up in this price guide. Very valuable information. Box, box, box, dolls are worth more if they are still in the box !!! Really guys, this is such FUN !0 of 0 people found the following review helpful. Two StarsBy CustomerBook does not include all collector items and items number specific for the ornament and/or figurine.
