**John Fioravanti : Reflections: Inspirational Quotes Interpretations** before purchasing it in order to gage whether or not it would be worth my time, and all praised Reflections: Inspirational Quotes Interpretations:

2 of 2 people found the following review helpful. THERE'S A THREE STEP PROCESS TO BEST ENJOY READING THIS BOOKBy Robin Leigh MorganThe author, John Fioravanti, has done a marvelous job is selecting each of the inspirational quotes he has chosen for inclusion in this book.Starting off with a selected quote and who said it, the author then shifts his reader's attention to how each quote has come to manifest itself in own existence as he reflects on his personal thoughts. As I read through each of the quotes I found myself experiencing my own contemplations as to how each of the quotes relates to life, with a variety of emotions, from sad to happy, coming up for. I read this book over a course of two days, because I wanted to write my review for it; but I feel, anyone who opts

to get a copy of his endeavor by Mr. Fioravanti, should take their time getting through the book by reading one quote a day, then reflecting on what it means to yourself and finally comparing your experience to that of the author's. The results I had received on a handful of occasions had paralleled that of the author's signifying how while we might feel our lives are unique to ourselves, they are in fact, shared by others. For having given me and that of other readers, an insightful reading experience by asking us in the beginning of the book's description; "What do YOU think?", how can I not give the author the 5 STARS I've given him. 2 of 2 people found the following review helpful. Reflections is measured and insightful...By Gwendolyn Plano REFLECTIONS was a perfect book to read over the holidays. Each chapter focuses on an inspirational quote from such notable people as Walt Whitman, Emily Dickinson, and Anne Frank; and, because of this approach, the book can be read non-linearly. The reader can move from one reflection to another, as interest dictates. There are 50 quotations included in the book, each of which author Fioravanti provides his interpretations, a practice he adopted for his weekly blog. His thoughts, measured and insightful, spur the reader to consider his or her own. This book earns my endorsement and support with Five well-deserved Stars. 2 of 2 people found the following review helpful. Wisdom to Dream On By Rea Martin This is a wonderful book to keep bedside. Beautiful reflections on quotes and sayings that we may have read, but not really considered in depth, or at least Fioravanti's depth. The author endows his interpretations with unique and personal insight, bringing new life to even the most familiar quotes. Really enjoyed this book, and plan to keep it as a handy reference.

What do YOU think? Does this question engage you or take you out of your comfort zone? Does it put you on the spot? REFLECTIONS is award-winning author and former educator John Fioravanti's answer. Offering his interpretations of fifty quotations by contemporary and ancient thinkers alike, John dives deep below the surface of words and explores the deeper meanings that shape his view of the world. Deeply personal and presented in a self-effacing manner, these self-aware reflections will encourage you to dig deep within yourself and to discover more about the underlying truths that guide you. Without trumpets or fanfare of any kind, John Fioravanti aspires to inspire you!
