Horton Presley : RESTORING AND COLLECTING ANTIQUE REED ORGANS: SECOND EDITION before purchasing it in order to gage whether or not it would be worth my time, and all praised RESTORING AND COLLECTING ANTIQUE REED ORGANS: SECOND EDITION:

0 of 0 people found the following review helpful. Restoration Book Meets expectationsBy Kelson in ColumbusI had read reviews of this book and it met my expectations. The book is dated - it was written in the 70s - and would probably not be acceptable to a purist who wishes to do restoration in a manner as similar to the original methods used to build the organ as possible, however, it does give one "other" options when restoring an organ that do work.0 of 0 people found the following review helpful. Five StarsBy opticaljackExactly what I was looking for. Received in a timely manner.
