**From L W Publishing Book Sales : Rookwood: A Price Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rookwood: A Price Guide:

Rookwood art pottery was made in Cincinnati, Ohio, from 1880 until 1967, producing forms that feature delicate

colours fired at low kiln temperatures. Pieces are eagerly sought by collectors today and continue to influence contemporary art potters. In this guide 251 colour and 166 black-and-white photographs show hundreds of vases, plaques, bowls, bookends, lamps, tea tiles, and more, with estimated price ranges to reflect the art market.

An insightful guide to collections of Rookwood, the revered pottery that proved to be one if not THE most influential force on contemporary ceramic styles. A brief introduction and original Rookwood catalog pages provide a glimpse into Rookwood's colorful past, but pales in comparison to the full-colored artware pieces photographed within. 1995
