Important Catalog for CollectorsBy Dee DeeNot cheap on the secondary market, the only way to obtain it, but I understand that the Charlton Standard Catalogue of Royal Doulton Figurines is considered the premier catalog for the serious Royal Doulton figurine collector. I agree. Among the features of this catalog are an Introduction which has much informative and useful information, a picture of each HN figurine in number order with accompanying descriptive data including a price guide (take with a grain of salt, as always), and the same info for some pieces outside the HN series. There are also lists of Series with the figurines they include, which is helpful if you like to collect by series. NOTE: This is the 11th Edition; a 12th Edition has been published which is also expensive because it too is now only available on the secondary market. This 11th Edition

covers figurines up to HN4875.0 of 0 people found the following review helpful. Newest Edition of Royal Doulton Figurines Charlton Standard Press By AussieWow was I lucky to get this. Thank You. Nice Quality and Price for a very hard book to find on Royal Doultons. This is the last and probably the final Book that will be produced on Royal Doulton Figurines. I only wish that it had more Colored Photos, like in the First Edition that I recently purchased. This Edition does give you lots of details on each Figurine and Price Value to use as a Guideline. The book is made from nice quality paper stock also. 0 of 0 people found the following review helpful. All you need to know..... By Customer These are very informative books for the Royal Doulton collector. (Although sad, when you realize that the days of this kind of information are sadly long gone, as are the beautiful and valuable pieces of Royal Doulton themselves. :(

Royal Doulton Jugs: A Charlton Standard Catalogue has just been released. This is the ninth edition of this popular catalogue by the Charlton Press. Long considered the bible of Royal Doulton jugs. With the rapid ever-changing market place and the constant need to update your information the Charlton Press has released its newest Jug catalogue for your Doulton Library. While prices for the mainstream jugs remain steady the most notable highlights in pricing~~ this year is at auction. The Clark Gable character jug recently sold for ?360, Hatless Drake realized ?185 and a Goatee Cavalier realized ?495. Pricing remains strong for the scarcer jugs. The black and white listings at 520 pages and colour at 32 pages has remained constant with the 9th edition. However, the number of coloured illustrations has increased to over 280. Therefore, in conjuncture with the previous editions and our next two editions this will give the collector~~ an almost complete colour image of every character jug in the Doulton Collection. As with previous years the commissioned models are playing an important role in 2005 with UKI Ceramics, Pascoe and Company, and Direct Ceramics all issuing short run, limited edition jugs. For example, from Pascoe and Company: John F. Kennedy in both large and small sizes, from UKI Ceramics the Great Military Heros Series, and from Direct Ceramics two new flamb?jugs, The Wizard and The Witch?. The~~ Jug of the Year for 2005 was Lord Horatio Nelson. This jug was issued commemorated the 200th anniversary of the Battle of Trafalgar, the most famous naval battle of the 19th century England. For Nelson fans this is a must have jug, and for the nautical collector Admiral Nelson must be high on their list of favouraties. The ninth edition of the Royal Doulton Jugs: A Charlton Standard Catalogue may be purchased form your local Doulton dealer, book stores, on-line~~ books stores such as, Amazon.com or Amazon.co.uk and Barnes and Noble.com, Chapeters-Indigo.ca. or directly from the Charlton Press.
