Way too much art nouveau, when sold on art deco By Travis Copeland I realize this might not matter to most people, but it looked as though most of the calendar was art deco, when it was really art nouveau - an artistic style that really doesn't appeal to me. Won't be buying this calendar again. 0 of 0 people found the following review helpful. Love The Graphics By tiffany This calendar is wonderful. I really like the vintage graphics and the size of the calendar. I would definitely recommend this calendar to anyone with an interest in vintage wine/beer/spirit posters. 0 of 0 people found the following review helpful. OK By Gail W McBride It was ok, but I wasn't fond of the calendar... I ordered it because it looked interesting.... Nothing wrong with this product, just didn't like all the pictures...

Much like fashion, the wine industry and its followers indulge in all its glamour and refinement. Wine lovers, spirits lovers, and art lovers alike, will toast with cheer in celebrating the golden era of illustration and graphic design.
