Priestextremely pleased0 of 0 people found the following review helpful. SchiaparelliBy Nevada SnowWhile I liked Tom Tierney's illustrations in this paper doll book, I thought the selection of costumes didn't fully reflect the creativity of Elsa Schiaparelli. The costumes are lovely but too sedate and conservative to be representative of a designer who was inspired by surrealism and often shocked the fashion world with her ideas.The rendering of the dolls is a little odd: their eyes are completely blacked out, giving them an eerie quality.

Dazzling costumes that shocked 1930s, '40s fashion world with their wit and daring. 3 dolls, 29 dresses, suits, gowns, ensembles, more.
