Great CatalogueBy Mark DavidsonAs a lifelong stamp collector specializing in older stamps world-wide, I appreciate having all countries covered from the beginning of stamps 1840 through 1940 in one book. Very Happy!1 of 2 people found the following review helpful. 2007 Classic Specialized Catologue of Stamps and CoversBy Sharon McraeI have

found the book to be easy to navigate through and to obtain stamp values. The information about stamps is very informative however I was not able to find information on Winnipeg tagging or phosphor tagged stamp issues. Overall, I think that it is a very good issue.
