Dazzling and celebrity-filled, this survey of the life, times, and works of Seaman Schepps (1881-1972), one of New York's greatest jewelers, is being published to accompany an important exhibition of his stunning designs. A true original, Schepps created eye-popping jewels that fused exotic materials with a sexy style and captured the imagination of trend-setting American women. An immigrant's son from New York's Lower East Side, Schepps rose to prominence by creating designs that defied all previous ideas of what jewelry should look like. Witty-even outrageous-and wildly flattering, Schepps's jewelry stood for style more than wealth. Featured on the covers of Vogue, Harper's Bazaar, Look, and other magazines, it appealed to an enormous range of clients, from the duchess of Windsor to Andy Warhol. Today, more than 20 years after his death, his work has inspired a legion of new collectors, who seek out vintage rings, bracelets, earrings, compacts, and lipstick cases, and the firm continues to produce splendid pieces based

on the original designs. This book, and the exhibition it accompanies, promise to bring Schepps's extraordinary jewelry to a new generation.
