**Helen Lester Thompson : Sewing Tools Trinkets: Collector's Identification Value Guide (Vol. I)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sewing Tools Trinkets: Collector's Identification Value Guide (Vol. I):

0 of 0 people found the following review helpful. Nice photography.By RobinKBought for a friend. Nice photography.1 of 1 people found the following review helpful. Good for collectorsBy CustomerThe photos in this book are very good, as are the descriptions of each item. The value guide is old (2000?) but it's still a great resource for price ranges. Look on Internet selling sites for current values. This book is a good addition to a collector's library. If you're new to collecting, look elsewhere for a book that has more details and history.1 of 1 people found the following review helpful. Very nice bookBy glasskatThis one was a gift for my Mom. But I looked through it before I

gave it to her. I can see it will be very useful, as she comes across many of these items while she's out buying stuff for our flea markets and shop.

Sewing tools have long been collectible, but the past decade has brought about a tremendous growth in the field. This lavish book presents the collector with a wide variety of these tools and trinkets, from the ordinary to the elegant, with focus on tools from the nineteenth and twentieth century. The exquisite photography features over 1,200 items, including needles, thimbles, chatelaines, sewing kits, scissors, rulers, darners, thread holders, sewing machines, and more. Historical information, material, date, country of origin, and a current collector value is given for each item. There's also a helpful glossary, bibliography, and index. 2000 values. **AUTHORBIO:** Helen Thompson grew up in a household of never-ending needlework projects. As a result of her interest in quilts, Helen became interested in antique sewing tools. She is a member of the board of directors of the Museum of the American Quilter's Society and a dealer of antique sewing tools. **REVIEW:** Much more than just a routine task, sewing is an art form, a hobby, a business, a social activity, and a passion for many people. This collector's guide is a valuable tool for all sewing enthusiasts and collectors. There are a helpful glossary, bibliography, and index provided.
