1 of 1 people found the following review helpful. Great for overall identification and referenceBy RachelTownsI bet I have looked through this book 4 times within the first day I had it. It was fantastic to help me place which pieces I had with what categories. It was super easy to locate items I was referencing and although the pricing is a bit outdated, that can be expected since pieces are now more valuable then before.1 of 1 people found the following review helpful. Great Book for Shawnee CollectorsBy Debra A. NewellGreat Book for Shawnee Collectors, especially those new to Shawnee. Good overall information on the company and marks, and a lot of excellent photos and identification information of individual Shawnee items.0 of 0 people found the following review helpful. Three StarsBy Shellygood,

but the piece I really needed to identify wasn't in this one...although it's Shawnee for sure

This book is arranged in an easy-to-use format and collectors will absolutely love it. Many items have never been shown elsewhere in print. Hundreds of listings with descriptions, current values, production dates, extensive histories, and background information in addition to more than 1,200 color photos. 2004 values. REVIEW: This book is easy to use and includes many items that have never before been seen in print. More than 1,200 color photographs make this an invaluable reference to Shawnee Pottery.
