Paul A. Matthews : Shooting the Black Powder Cartridge Rifle before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shooting the Black Powder Cartridge Rifle:

0 of 0 people found the following review helpful. Informative without the academic dryness of a "how to" manual
...By Michael L. Hauschild Informative without the academic dryness of a "how to" manual. Author is probably the most knowledgeable and qualified to discuss the nuances of the Black Powder Cartridge, the historical arms that fire

these venerable rounds, and the range techniques needed to get them to go where they are pointed. 1 of 1 people found the following review helpful. Shooting the Black Powder Cartridge Rifle By D. Portwood Mathews does give you a great deal of information! You do sort of have to remember that there are other ways of doing things. Some may or may not work better for you! 0 of 0 people found the following review helpful. Five Stars By Mr B. Very helpful packed with info to draw on
