Ken Ramage : The Gun Digest Buyers' Guide to Guns before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gun Digest Buyers' Guide to Guns:

0 of 0 people found the following review helpful. nice bookBy MistyannThis book contains lots of guns description and amount of worth great for gun owners love the photos of each gun so u know you have the correct one your searching for i would recommend it0 of 0 people found the following review helpful. OK gun guide not as good as expectedBy Mark A. EdwardsNot all the guns I was looking for were in the book, some were hard to find under sub names I found by acident after I was looking for something else.My older book I was replacing had more pictures and was easier to use Gun Traders Guide 26th edition.0 of 0 people found the following review helpful. Not worth the dimeBy T. CooperThe book had 1 of the 15 I was trying to research...I understand that they couldnt include them all...but only 1 in 15?

For many gun owners, the story is the same - so many guns to choose from, and so little time (and possibly patience) to review all the various reference needed to get the full picture of modern-era market. This new Gun Digest guide helps readers make the most of research time, without losing any reliability, by coupling authoritative reports on the latest handguns, rifles and shotguns and 3,500+ photographs, with distinct catalogs of modern commercial arms and used guns with realistic prices.
