David Roberts : The Holy Land in Classic Lithographs: 24 Cards (Dover Postcards) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Holy Land in Classic Lithographs: 24 Cards (Dover Postcards):

1 of 1 people found the following review helpful. A good postcard book By Paul A. Spangler I was surprised that this postcard book was in a 2x2 format rather than stacked in single cards like the vast majority of postcard books. It is nice to have them laid out and to look at them like a book. The cards are well made and the illustrations are unique and historical. This is reasonably priced and I am very pleased with this purchase. 1 of 1 people found the following review helpful. High quality. By Matthew Moore Cards are postcard-size and done with high-quality printing. A good value. Includes many of Mr. Robert's best work from this period.

These magnificent illustrations of biblical landscapes and monuments — by one of the first 19th-century artists to travel throughout the Holy Land — were first published over 160 years ago. The collection includes handsome reproductions of The Damascus Gate, The Tower of David, and 22 other subjects.
