Don MacMillan : The Little Book of John Deere before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Little Book of John Deere:

4 of 4 people found the following review helpful. A charming book to just browse through By Midwest Book Review Enhanced with an informative foreword by Don Macmillan, The Little Book Of John Deere is a small, delightful gift book featuring both color and historical black-and-white photographs of the most popular tractor in America. The captions are written with an eye for detail, and the abbreviated time lines complement the pictures. The Little Book Of John Deere is a charming book to just browse through and an ideal gift for anyone with a personal or nostalgic interest in tractors.

John Deere tractors are the most popular tractors and hold a prominent place in agriculture's history and present. The Little Book of John Deere book pays tribute to this famous manufacturer by combining fabulous four-color photographs, historical black-and-white photographs, vintage brochures along with detailed captions.

About the Author Don Macmillan is one of the world's most respected authorities on Deere Company. He bought his first Deere tractor in 1943, was appointed the first Deere dealer in the United Kingdom in 1958, and went on to establish one of the world's foremost collections of Deere tractors and memorabilia. Working with Deere Company, he authored John Deere Tractors Equipment volumes 1 and 2 and John Deere Tractors Worldwide, all

published by the American Society of Agricultural Engineers. He is the author of *Voyageur's The Big Book of John Deere* and *John Deere Tractor Legacy*. He lives in Devizes, Wiltshire, Great Britain.
