W. Wilkinson : The Makers of Indian Colonial Silver 1760-1860: A Register of European Goldsmiths, Silversmiths, Jewellers, Watchmakers and Clockmakers in India before purchasing it in order to gage whether or not it would be worth my time, and all praised The Makers of Indian Colonial Silver 1760-1860: A Register of European Goldsmiths, Silversmiths, Jewellers, Watchmakers and Clockmakers in India:

This book contains a register of over 900 Europeans who worked in the trades of goldsmith, silversmith, jeweller,

watchmaker and clockmaker in India, with details of their working dates, identifying marks, addresses, and further biographical notes where these are useful or pertinent. There are more than 150 half-tone illustrations, including many of marks which have previously not been ascribed or have been misascribed.
