**Walter P. Parks : The Miracle of Mata Ortiz: Juan Quezada and the Potters of Northern Chihuahua** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Miracle of Mata Ortiz: Juan Quezada and the Potters of Northern Chihuahua:

0 of 0 people found the following review helpful. Five Stars By clarence pressley very satisfied 1 of 1 people found the following review helpful. Very informative book. By Joon This book has quite a few close-up pictures of the potter with great detail, also the step by step process of how the artists make the piece. Interesting. I wish there was a more current book out on the new, emerging artists, their styles and their pots. This book is 1993.0 of 0 people found the following review helpful. Bargain book of illustrations By James E. Hathaway Already reviewed this one.....good copy and illustrations are great....took it to Office Max to have front and back cover laminated and whole book spiral bound....real bargain, this one..

A remarkable ceramic arts tradition is taking root in a remote village, high on the plains of northern Chihuahua. The Miracle of Mata Ortiz tells the story of this phenomenon and of the potter, Juan Quezada, who began it inspired only by prehistoric shards. The story, the technical information, and the Appendix describing 260 Mata Ortiz potters will be

of interest to the student, collector, and historian as well as the casual reader.
