Banana sticker collection bookBy Heather D.I thought maybe this would have pictures of all the different banana stickers, but it's just blank pages of spaces to put your banana stickers on. It'll still serve my purpose, though, so I'm happy with it!0 of 0 people found the following review helpful. Save the Banana Stickers from imminent danger! Don't let them waste away with moldy old peels! Give them a respectable home to live out their last days in dignity! The Official Banana Sticker Book is an interactive project book - not reading material. Whether you are collecting banana stickers for a school project, Scout badge or just because you just love the whole banana culture, this book is for YOU! Stamps? HA! Banana Stickers are much more fun and interesting to collect. There are thousands of them that end up in the trash every day, left to their demise on moldy, old banana peels. Please have some mercy and help save those poor little things from their ultimate doom! With this book YOU can personally save 999 (not 1001 like most books) of these poor, little, gummed orphans. Order your copy today and begin this unique collector experience. Order some more to give to your friends. The more books you buy, the more bananas the Author can buy...I mean...the more little Banana Stickers that can be saved from the evils of the landfill!
