Thomas E. Hudgeons Jr. : The Official Blackbook Price Guide to World Coins 2006, Edition #9 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Official Blackbook Price Guide to World Coins 2006, Edition #9:

9 of 10 people found the following review helpful. The Official Blackbook Price Guide to World Coins By MrDanielIt

says all countries are listed, yet they are not. And those that are listed do not have all their coins. I found only one or two of the twenty or so I was looking for.

Collecting world money has never been more exciting! The Official® Blackbook Price Guide to World Coins will show you how to buy, sell, and grade world coins. It also provides valuable information on how to collect mint errors or oddball world coins, important auction sales over the past year, and listings of international numismatic organizations and publications. With a brand-new market review highlighting the most recent trends in collecting and investing in world coins, this new edition is a must-have! Special Features: • Every country's coins listed! • Hundreds of illustrations to quickly identify world coins • Exclusive special section that looks at technological trends impacting world coins • Masses of information on world coins minted by the US Mint
