Thomas E. Hudgeons Jr. : The Official Blackbook Price Guide to World Coins 2009, 12th Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Official Blackbook Price Guide to World Coins 2009, 12th Edition:

0 of 0 people found the following review helpful. okay.....ng tooBy calthropeexcellent but can contain a few more coins throughout the world and more photo pictures, a few countries are missi2 of 2 people found the following review helpful. Not the bestBy James CuppyBook has very small and limited info on world coins.ie values, pictures, and overall listing.0 of 2 people found the following review helpful. World CoinsBy Sandra WatkinsVery interesting, a lot of additional information. Thus far I haven't found that world coin worth thousands, but I have enjoyed looking the old coins up in here.

This essential guide lists the current prices for ancient and modern coins from nearly 50 countries. With all the latest market information, this guide is the only one necessary to become a serious collector.· Hundreds of photos throughout for easy identification· An exclusive section examining technological trends impacting world coin collecting· Full listings of international numismatic organizations and publications
