Heidi Von Recklinghausen : The Official Hummel Price Guide: Figurines Plates (Hummel Figurines and Plates) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Official Hummel Price Guide: Figurines Plates (Hummel Figurines and Plates):

It gives a historical background of Sister Maria Innocentia (Berta) Hummel, who was the inspiration for the Hummel figurines. It covers the various sizes, molds (Trademarks), and current prices (at time of publication) of every Hummel that was ever produced. This reference book should be updated to reflect the current prices, this would give collectors a realistic worth of their collections. It has over 2000 photos of the various life-like looking figurines and plates. The book is broken down into 4 Chapters: History and Preservation, Collector's Guide, Delightful Art Inspires Beloved Figurines,

and finally Hummel Listings. It goes into great detail of each major Hummel listed. It covers every Hummel from Hummel #1 to Hummel # 3021. I do highly recommend this reference book as a book that every Hummel collector should have in their Hummel library. 0 of 0 people found the following review helpful. Excellent!!
