Harry L. Rinker : The Official Price Guide to Collector Plates: Seventh Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Official Price Guide to Collector Plates: Seventh Edition:

2 of 2 people found the following review helpful. Class Action ??By Thomas L.well these plates were sold to an unsuspecting public as an "investment" ... using (what most people might think) a reputable company name to push these worthless products (ie franklin mint, bradbury exchange, unheard of artists with "limited" productions, etc...)i

would guess ... that if you are looking at a book of this type you too are a victim of this worthless crap...my question ... would we have some kind of legal recourse in the form of a class action suit ??? this junk was pedaled in what i would think to classified as "bad faith" .i would like to be able to simply recover the issue price (plus the shipping) ...in my review of the book ... it does give issue price (which is what i was looking for --- since my mom bought these over 20+ years ago) ... and a small amount of information pertaining to what the price might be worth in several generations ... (a time i would never see)if any reader would be interested ... or experienced in trying to launch a class action ... i would be a willing participant.0 of 0 people found the following review helpful. Two StarsBy Stephen L. BubrickPlate values listed in this book are no where close to what they are selling for on e-bay.1 of 1 people found the following review helpful. One StarBy bkimmerThis was hard to use. And I was not able to find any of my collectors plates included.

THE COMPLETE REFERENCE GUIDE TO LIMITED EDITION PLATES!-- COMPREHENSIVE. Featuring more than 5,000 prices for thousands of collector plates--U.S. and foreign--this sourcebook is the only one you'll ever need.
