**The Globe Pequot Press : The Outer Banks: A Postcard Book (Postcard Books)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Outer Banks: A Postcard Book (Postcard Books):

Twenty color photographs of North Carolina's beautiful Outer Banks.

From the Back Cover Welcome to the Outer Banks, where wild ponies roam unspoiled beaches and pirate shipwrecks are visible just offshore. Stroll through Elizabethan Gardens, play in the surf, explore lighthouses, fish off a pier, or just bask in the North Carolina sun. These twenty postcards capture the dynamic landscape and the tranquility of the Outer Banks. Each postcard is yours to treasure, to share, or to send.
